Jennie Van Schyndel received her BSN from the University of Illinois and MSN from the University of Missouri-Columbia. She is currently an Assistant Professor of Nursing at St. John's College in Springfield, Illinois, a position she has held since 1993. She is also a doctoral student at the Indiana University. Jennie Van Schyndel has twenty years experience in undergraduate nursing education in the classroom, clinical and lab setting. She has experience in curriculum development, in writing NLN and NCA accreditation reports, student advisement program development. She has taught courses in community health nursing, nursing research, leadership, obstetrics, pediatrics and nursing fundamentals. She has been a member of the Illinois Public Health Association nursing section task for evidence based public health nursing. She has clinical nursing experience in community health, and geriatric psychiatric nursing. She has managed technology programs at St. John's College for faculty and students. Her current doctoral research focus is with online teaching strategies.
